

Foil Applicator Gun

PRODUCT CODE: 6532.600.FG

Introducing the FDS Foil and Cartridge Applicator Gun, an easy to use, high powered tool for precise and efficient sealing and adhesive applications. With FDS's seal of quality, this applicator gun is a great addition to your toolkit.

- **Dual Functionality:** The FDS Applicator Gun seamlessly handles both foil packs and cartridges, offering versatility to accommodate various sealants and adhesives.
- **Durable Build:** Crafted from high-quality materials, this applicator gun is engineered for longevity with a powder coated surface, capable of withstanding heavy-duty use while maintaining its precision.
- **Precision Dispensing:** With a pushing force of 150N, this applicator gun ensures clean and precise sealant and adhesive application, allowing you to achieve professional-quality results every time.
- **Smooth Trigger Mechanism:** The smooth and responsive trigger mechanism enhances control, reducing hand fatigue during extended use.
- **Quick Loading:** Swapping between foil packs and cartridges is effortless, minimising downtime and keeping your projects on track.
- **Comfortable Handle:** The aluminium 15" ergonomic handle design provides a comfortable grip, ensuring ease of use and minimising user strain.
